

FEATURES & BENEFITS

- *Internal mechanism ensures safety operation for children by locking the chain / cord if it is not under tension or becomes loose*
- *Gap Gauge makes installation effortless and provides ideal gap for smooth chain operation*
- *Sleek aesthetic that can work with any decor*
- **For Chain Tensioner**
Designed to operate seamlessly with stainless steel ball chains, metal connectors and stoppers
- **For Cord Tensioner**
Designed to operate with size 2.8-3.5mm cord

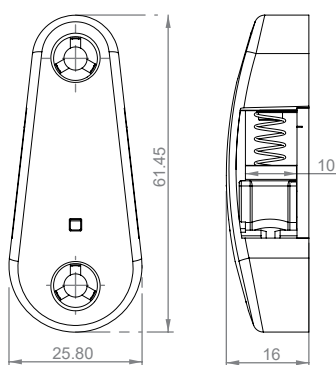

Our tensioner adheres to the safety measures set by the ANSI/WCMA A100.1-2022 Safety Standard
